Group Veritas

“Student Attendance Management System (SAMS)”

Prepared by

Mohamad Faisal Bin Mohd. Hanafi 1915045

Najiha Blnti Abdul Kadir 1912042

1. Group Contributions

Each of the team members had prepared 2 web pages for the submission of project part-2 ERTL session as shown in Table 1. Right now, only 4 pages of the website are going to be submitted.

2. Future Enhancement

The full/completed website/product will be submitted during the final submission. Future enhancement shall also include more user interaction for the system, the ability to add or remove or update the information for every student and store the student attendance for future usage. Contributions are represented in Table 1.

Name	Contributions	Future Enhancements
Faisal	<ul style="list-style-type: none"> ❖ Pages: Home page, Student Registration ❖ Web elements: Navigation button 	<ul style="list-style-type: none"> ❖ Integration of JQuery, and Javascripts into the system. ❖ Improve layout of the website
Najiha	<ul style="list-style-type: none"> ❖ Pages: Student Attendance (Record), Report ❖ Web elements: Forms, Logo, General Layout 	<ul style="list-style-type: none"> ❖ Put data that is transferred into folders for easier access ❖ Transfer data from one page another ❖ Improve the security of the remove button where it will ask to confirm first before delete to avoid deleting data by mistakes

3. Use of third-party resources

Graphics: Team member Faisal obtained both graphics for the website from www.freeimages.com, a website for free high-quality stock photos

Web elements	Team member	Modification
Graphics for both login, and student registration pages	Faisal	Both images had been resized to better suit the web pages using CSS
